

PLATEAU #177

Nordic design + International look

- > Designed by leading Danish design studio Holscher Design

Circular seat

- > Seats up to 12
- > Low cost per seating unit

Temperature neutral surface

- > HPL is cool in summer, warm in winter
- > Does not absorb moisture

Combined circular and rectangular form

- > Efficient utilization of floor space
- > Sociable, inviting, positive nudging

Smooth table top

- > No slits or ridges
- > Comfortable for working or dining

Beautiful colours

- > Muted and bold colours
- > Suitable for many different spaces and architectural styles

HPL highly durable

- > UV-resistant
- > Weather resistant

Graphic, minimalist look

- > Versatile product
- > Timeless, long-lasting style

HPL and galvanized steel

- > Low-maintenance, just soap and water
- > Low costs

Recycling potential

- > Separate seat, tabletop and frame
- > Parts to be replaced individually
- > Easy to recycle

Open seat version

- > Easy wheelchair access
- > Suitable for the elderly

Minimal production waste

- > HPL parts are cut from one sheet
- > Minimal production waste - all scraps used for colour samples

Indoors and outdoors

- > Sturdy design for outdoor use
- > Elegant detailing and sleek surfaces
- > Works indoors or out

Natural materials

- > All-natural HPL materials (paper, resin)
- > Sustainable, environmental approach
