plastic bags

Long lifespan

30 years and  
recyclable  
up to 7 times

# 100% Recycled Urban Bench

LOOP, the first ecolabelled outdoor  
furniture in the Nordic region

# Why choose the LOOP Recycled Version?

## Sustainable Design:

Made from 100% recycled materials

## Eco Label certification:

Meets high environmental standards

## Built to Last:

Easy to clean, UV protected, and weather and fade resistant

Embrace LOOP for play, seating, or socializing, knowing you're investing in an eco-conscious future. Our range of modular elements sparks endless creativity and social engagement.

With 11 modules, you can design your own seating area, long-lasting and tailored to your needs.

DTU Campus, Lyngby

## Rethink Urban Space

out-sider a/s, a Danish company deeply rooted in Scandinavian design tradition, is dedicated to reimagining urban spaces sustainably. Our bold approach to crafting furniture challenges norms, that stands out in form, color, and material. With Danish production at our core, our products embody aesthetic appeal, user-friendliness, and sustainability. We passionately inspire with furniture that enriches and positively impacts urban spaces.
