

#136

Loop Circle Light

Loop Circle Light - the simple and flexible furniture for urban spaces, schools, and playgrounds. The illuminated Loop Circle is an inclusive furniture suitable for various social and cultural contexts. It invites informal gatherings, relaxation, or movement for 4-6 persons - whether it's indoors or around the furniture

#136

Loop Circle Light

Technical data

Material

Rotation moulded polyethylene, 6mm thick, dyed. Moulded in one piece. UV-resistant, stands up to weather, wear and tear. The material is suitable for granulation and recycling. Interior stainless steel fixation for light unit.

Surfaces and friction

The products have a textured/granulated surface due to abrasive blasting of the mold. This process enhances the friction and makes the surface less slippery.

Dimensions

Outside diameter Ø1800mm. Inside diameter Ø1000mm. H400mm. Volume: 540L. 4-6 seats inside / 6-8 seats outside. In the centre playground for 1-2 children.

Light function

The integrated LED-light tube is mounted in the center and glows through the translucent polyethylene surface with a uniform luminance. The optimal light output is achieved with max 20 lux light from the surroundings.

Light unit

Integrated LED-light tube (Duralight, Semko approved), halogen white, 4m./10W for orange/yellow consumption and 8m./20W for red. Direct 230V connection box through the access hatch at the bottom. Possibility of looping in the box.

Density and life time

IP44 / LED-light tube, app. 20.000 hours - min. 6 years of light in the dark hours.

Fixation

For surface and ground fixation. Brackets to be ordered separately.

Maintenance

This product withstands most cleaning agents and chemicals and can be cleaned using a high-pressure cleaner. The colour can be revived using vinyl cleaner or similar.

Family

Loop Circle, Loop Arc, Loop Line, Loop Corner, Loop Cone, Loop Table, Loop Up

Product code

136 0101 Loop w.light red / 37kg.

136 0103 Loop w.light orange / 37kg.

136 0104 Loop w.light yellow / 37kg.

900B2 Brackets for ground fixation.

900B3 Brackets for surface fixation.

900R Rubberfeets.
