

#187

HopOp500 Light

Let HopOp500 Light be the shining centerpiece of the playground, schoolyard, or urban space – both day and night. During the day, it invites play or a break, and when darkness falls, it illuminates the area, transforming into magical, luminous spots that create a unique atmosphere

#187

HopOp500 Light

Technical data

Material

Rotation moulded polyethylene, 6mm thick, dyed. Moulded in one piece.
UV-resistant stands up to weather, wear and tear.
The material is suitable for granulation and recycling.

Surfaces and friction

The products have a textured/granulated surface due to an abrasive blasting of the mould. This process enhances friction and makes the surface less slippery.

Dimensions

Ø500 x H400mm
Volume: 70L

Light unit

The light unit "Light Plug X" is mounted with the desired LED light source and screwed into the bottom of the product. Direct connection to 110-240V AC/50-60Hz via the included rubber cable. Hopop500 light is delivered in 2 parts: HopOp500 and a light unit Light Plug X. Light source is not included. See guidelines for choosing a light source in download "Light Source". Light Plug X unit is available in 2 versions, EU and US.

EU version:

Light source E27. The unit is supplied with 5m double insulated rubber cable.

US version:

US version of the light unit complies with UL 1598 Edition 5, 2021.
All sub-components used in the product are marked with UL/UR or equivalent.
Light source E26. The unit is supplied with 16 feet of double-insulated rubber cable.

Degree of density

IP67

Mounting

Freestanding or using brackets. Brackets to be ordered separately. A countersunk groove moulded into HopOp500 Light conceals the rubber cable and permits the use of the 2 different mounting brackets.

Maintenance

This product withstands most cleaning agents and chemicals and can be cleaned using a high-pressure cleaner. The colour can be revived using vinyl cleaner or similar.

Family

HopOp og HopOp500.
